at as we

other locations as well. Initially, it will be a 50-seater; but internally, we believe that very easily we can scale up to 200-250 seats in the next two-three years. We would start with rail, we would do rail design and then obviously move into other domains as well. The design centre will be the second outside France. We have a design centre in Poland, but that works on roads and highways.

Google seeks patent for mobile device security for e-payments

AN C KUMAR
Chennai, June 26

GOOGLE LLC, THE American multinational technology company that specialises in Internet services and products, has filed an application seeking Indian patent for an 'invention' relating to mobile device security for electronic payments, claiming the benefit of the US provisional application titled 'mitigating subscriber identity module (SIM) swap fraud.'

The technology giant has up and running in India the Google Pay, a digital wallet platform and the payment system to power in-app and tap-to-pay purchases on mobile devices, enabling users to make payments with Android phones and smartwatches. Google has moved the Indian Patent Office, an application titled 'Mobile device security for electronic payments' claiming the technology which the patent protection is being sought, can mitigate the risk of fraud in linking financial accounts to phone numbers in cases where the social account service is one of a plurality of services offered by a service provider.

According to the company, the technology which is related to managing registration for electronic payment could detect fraud vectors, for example, the use of a counterfeit SIM card and mitigate the risk posed by fraud modalities encountered particularly in payments using mobile devices.

दिल्ली, गुरुग्राम और अन्य शहरों को भी शामिल किया जाएगा। जल्द ही ऐसे 20 स्टेशन चालू किए जाएंगे। सिंह ने कहा कि ऐसे स्टेशन ई-वाहनों को तेजी से चार्ज करने की समस्या को खत्म करेंगे। पिछले साल देश में बिके कुल 35 लाख वाहनों में से ई-वाहन की संख्या मात्र 4,000 रही। ई-वाहनों की बिक्री कम होने की एक बड़ी वजह चार्जिंग से जुड़ी समस्या है।
